### **Marchon Glasses**

Marchon glasses are made by Marchon Eyewear, a worldwide leading manufacturer of eyewear for leading designer brands. Marchon benefits from their vast range of licensing to provide probably one of the most varied collections of frames available on the market today. Aviator, cat eye, oval, modified oval, rectangle round and square designs are available in either metal, plastic titanium or a combined set of materials. With even the materials used being diverse this really highlights just how many combinations there are available to you. Marchon glasses and Marchon sunglasses can all be customized with

prescription lenses, just like all of our glasses and sunglasses. A vast swathe of colors from classic muted tones of blacks, browns and silvers to bright vibrant reds, cyans and purples and even completely transparent frames means that there is, beyond a shadow of a doubt, a color to suit your mood or tastes. These color combinations are enhanced even further with different thickness levels of the frames and even options available with incredible ornate arms, giving some of the frames a fantastically unique and individual look. All of this unbelievably comes in a single collection which actually caters for both men and women. ...Read More
