Alexander Daas Sunglasses

Alexander Daas sunglasses are designed to bring back optical principles developed during the age of craftsmanship. Each sunglass frame is created with thought and intention, made for a real face and fashioned by hand. The collection focuses on petite faces, so it fills a void in the sunglasses market. Women with small faces and small pupillary distances can now feel at home browing a collection designed specifically for them. Whether it is a sunglass frame or and optical frame, you can be sure that Alexander Daas eyeglasses will cover you with fashion.
